

PRODUCT INFORMATION

PROCARE HIGH PERFORMANCE GREASE SPRAY

Description

High Performance Grease Spray is a high-quality synthetic high-performance grease spray with excellent protection and lubrication, as well as outstanding corrosion protection. Ideal long-term care for all moving components.

Benefits

- Weather resistant
- Excellent corrosion protection
- Resistant to cold and hot water
- NSF H1 sub-registration possible
- Thermally stable from -40°C to +200°C
- Extremely good reduction in friction and wear values

Application

- Moulds and tools
- Components such as chains, ropes, lifting, joints, hinges, linkages, sliding points, guides etc.

Instructions

Shake can well before use. The surface should be dry and free of dust and grease. From a distance of approx. 20 cm spray an even coat. Leave to take effect briefly.

Notice

! If the product is to be used in the food processing industry, only the minimum quantity that is technically necessary may be used.

! If the product is to be used as an anti-corrosive film, it must be completely removed before the device in question is used again.
