

PRODUCT INFORMATION

PRO CARE PETROL STABILISER

Description

Petrol Stabiliser effective protection against ageing for petrol fuels during prolonged periods of storage. Protects against deposits, oxidation and corrosion.

Benefits

- Prevents ageing of the fuel using effective antioxidants
- Improves starting behaviour using an octane booster
- Effectively protects against ageing-related deposits using modern dispersants
- Provides excellent corrosion protection by binding and neutralising condensation water in the tank

Application

- For storing petrol-powered engines, including throughout winter
- For avoiding starting problems after prolonged periods of storage
- For use when storing in environments with wet climates or changing temperatures
- Suitable for lawn mowers, vintage cars, boats and chainsaws
- Suitable for all 2-stroke and 4-stroke engines

Instructions : Empty the contents of the can into the fuel tank.

Completely fill the fuel tank for engines that have been stored for a long period of time. Ideal dosage: 1 can to 40 litres of fuel.

VOLUME

250 ml

PACKAGING

24 Pcs.
