

PRODUCT INFORMATION

PRO CARE DIESEL ADDITIVE

Description

Diesel Additive is a fuel additive for all diesel engines. For cleaning the fuel and injection system. Less fuel used due to accurate injection and atomisation of diesel fuel.

Benefits

- Cleans the diesel engine fuel and injection system
- Protects against corrosion
- Less fuel used due to accurate injection and atomisation of diesel fuel
- Improves combustibility and cuts knocking due to fuel

Application

- For all diesel engines in passenger cars and trucks
- Preventive at every inspection
- For all diesel fuels, summer and winter diesel
- Suitable for modern common rail injection systems and pump/nozzle injection systems

Instructions

Empty the contents of the can into the fuel tank. Fuel quantity up to 60 litres of diesel. The fuel quantity should be at least equal to the reserve volume.

VOLUME

250 ml

PACKAGING

24 Pcs.
1 Box
