

## PRODUCT INFORMATION

### PRO CARE PRO40 MULTIPORPOSE SPRAY

#### Description

Multifunctional oil with universal uses on a mineral oil basis for five areas of application: corrosion protection, lubrication, cleaning, contact spray or rust loosening.

#### Benefits

- Silicone-free.
- Very good lubricating properties.
- Infiltrates dirt, grease and oil residue.
- Water and damp displacing properties.
- Does not harm wood, paints, metals and plastics.
- Very good rust and corrosion penetration makes for efficacious rust removal.
- Creates a thin viscous protective film that protects even the smallest imperfections against damp.
- Loosens rusted bolts and nuts, pipe fittings, screws, nuts, joints, Bowden cables, spindles, locks, etc.
- Lubricates locks, hinges, connectors, chains and door locks.
- Cleans and protects plastic and metal parts such as trims and casings.
- Prevents corrosion to metals and electrical components, cable connections, relays, plugs, couplings, etc.

#### Application

Clean surface to be treated if necessary. Spray evenly from a distance of app. 20 cm.
