

PRODUCT INFORMATION

PRO CARE IMPREGNATING SPRAY

Description

Impregnating Spray is a universal waterproofing spray. Neutral in colour and powerful. For leather, synthetic and outdoor items such as garden furniture and awnings.

Benefits

- Protection from moisture, stains and UV rays
- Keeps the fabric supple and breathable
- Free of fluorine compounds such as PFOS or PFOA
- Excellent material compatibility with textiles, leather, paints, rubber, sealing materials, PVC and acrylic glass

Application

- Leather items such as smooth and rough leather shoes
- Synthetic materials such as sportswear, tents, backpacks
- Garden furniture
- Convertible roofs and awnings made of fabric or plastic

Instructions

Clean the fabric thoroughly and allow to dry completely. From a distance of approx. 30 cm. spray an even coat. Allow to dry off well after application.

Notice

! Use only outdoors or in very well-ventilated rooms.

! For optimal protection, apply the material before first use and refresh on a regular basis.
