

PRODUCT INFORMATION

PRO CARE SILICONE & COCKPIT SPRAY H1

Description

Silicone & Cockpit Spray H1 is a powerful, physiologically safe silicone spray with optimal sliding and lubricating properties. Suitable for use in the food processing industry (H1) due to high-quality silicone oils.

Benefits

- Prevents bonding
- Eliminates unpleasant squeaking noises
- Colourless, non-discolouring
- Extremely high degree of temperature resistance from -50°C to +250°C
- Reduces wear
- Good material compatibility
- Protects and nourishes surfaces

Application

- Moving parts on machines
- Material pairs such as plastic/plastic or plastic/metal
- Food processing industry
- Applications in which the use of products of physiologically harmful, mineral oil-based, critical additives and/or critical solvents is not desired

Instructions

Pre-clean the surface to be treated. From a distance of approx. 20 cm spray an even coat.

Notice

! If the product is to be used in the food processing industry, only the minimum quantity that is technically necessary may be used.

! If the product is to be used as an anti-corrosive film, it must be completely removed before the device in question is used again.
